CAPTURING YOUR WEDDING IN A FUN LOVING & NATURAL WAY!

Sean

First of all thank you for considering me to be part of your wedding day!

My Approach

I would describe my photography style as relaxed, natural, fun-loving and creative.

Shooting weddings for almost 9 years now I have came to understand what couples want most from their wedding photos! Natural images that are timeless and in turn reflect your true personalities. The little moments that happen throughout the day, that builds a story of how your family and friends enjoyed your day!

It is your day and I adopt a fly on the wall approach when I am not required to take the lead. I love that care free feeling, because this is when you both can feel genuinely relaxed and happy! I treat every couple as individuals and I understand that having your photo professionally taken is something that will be a new experience to most people.

My ultimate goal is to make you feel comfortable in front of the camera and I hope this is reflected in my images. Thank you, Sean

PRE-WEDDING SHOOT

Pre-wedding shoots are so much fun! I promise you will enjoy it!

I love to explore and photograph the amazing locations this island has to offer! I have a few favorites, so I will help you choose!

I aim to make you at ease, nothing too posey, but yet authentic, real pictures that you will love to look back on.

A pre wedding shoot shoot is included in the "All Inclusive collection" and can be added onto the "Digital collection" if desired.

INFO

Pre Wedding

When booking you will have the option to add a pre wedding shoot to the "Digital Collection". I love exploring the amazing secenic locations on our door step that we are so lucky to be blessed with!

4 weeks prior to your wedding date I will send an online pre wedding questionnaire and from this we will set up a time to talk on the phone and run through your entire photography timeline! This is so important so I am aware of what photos are really important to you both and the logistics of the day, timings, locations etc.

Coverage

Photography starts from bridal morning prep, generally starting 2-3 hours before ceremony commences, up to and including your speeches if they commence before your meal.
You will have the option to add coverage up to and including your first 5 dances also.

High Resolution Images

You will receive a minimum of 600 full sized edited jpg files. This includes full copying & printing rights. I also put together a highlight photo slideshow of your day. Your images are all available to download from your online gallery which will be available online for 1 year.

THANK YOU!
