

WEDDING'S BY

Sean Gallagher

PHOTOGRAPHY

Sean

Thank you for taking the time to get in touch!

My Approach

I would describe my photography style as relaxed, natural and creative. I want your images to be timeless and in turn reflect your true personalities. It is your day and I adopt a fly on the wall approach when I am not required to take the lead.

I keep it natural and when I have to create shots, I love to create a connection between you both and a care free feeling through out! I treat every couple as individuals and I understand that having your photo professionally taken is something that will be a new experience to most people.

My ultimate goal is to make you feel comfortable in front of the camera and I hope this is reflected in my images.

Thank you, Sean

MY STUDIO

Based outside Omagh, Co Tyrone.

I CAPTURE...

YOUR MOMENTS

RESOLUTION JPG IMAGES.

£2750

ALBUMS

Your wedding album will last generations, as much as we don't think about that now! They will be a piece of history to treasure by your family and also an everlasting story that can be told time and time again.

The choice of albums is endless! Albums can be added to your 'Digital Collection' starting at a 10x10 inch album. Personally, I love the modern layflat albums, which give you so much creative freedom to create a story from start to finish!

I only use the highest quality hand made albums, which I have personally selected to ensure a timeless feel to your album. They have to be seen to be appreciated!

INFO

Pre Wedding

When booking you will have the option add a pre wedding shoot to your digital collection. I love being a little adventurous and exploring the amazing scenic locations on our door step that we are blessed with!

3 weeks prior to your wedding date I will send an online pre wedding questionnaire and from this we will set up a time to run through your entire photography timeline! This is so important so I am aware of what photos are really important to you both and the logistics of the day, timings, locations etc.

Coverage

Photography starts from bridal morning prep, generally starting 2-3 hours before ceremony commences, up to and including your speeches if they commence before your meal.

You will have the option to add coverage up to and including your first dance also (£200).

High Resolution Images

You will receive a minimum of 500 full sized edited jpg files. This includes full copying & printing rights. I also put together a highlight photo slideshow of your day. All this is beautifully presented in a wooden usb box, containing a selection of prints.

Your photo's will also be available to view / share and order prints from your private online gallery.

PRE-WEDDING SHOOT

Pre-wedding shoots are so much fun! I promise you will enjoy it!

I love to explore and photograph the amazing locations this island has to offer! I have a few favorites, so I will help you choose!

I aim to make you at ease, nothing too posey, but yet authentic, real pictures that you will love to look back on.

A pre wedding shoot shoot is included in the "All Inclusive collection" and can be added onto the Digital" collection if desired.

THANK YOU!
