THE GO BOOK

With the "Album Collection" you will receive one of most eye catching Wedding Album's on the market.

I have included this album as it is one of the most *unique* and *popular* albums.

It's *stylish* design will make sure you won't hide your album away. Instead with the sit upright clear faced display box, you can have your album protected and on show at the same time.

The outer edge of the box measures 15 x 15 inches. The album measures 12 x 12 inches, and 24 x 12 inches when the spread is laid flat. The box, the ribbon, the spine and the back of the album can all be customized.

If the Go Book Album is not for you, don't worry just get in touch and I can send you the other options available.

ALBUMS

Albums for some couples are a must and for others they aren't quite sure.

Your wedding album will last generations, as much as we don't think about that now! They will be a peice of history to treasure by your family and also an everlasting story that can be told time and time again.

The choice of albums are endless! Most albums I offer measure 12x12 inches and when laid flat 12x24 inches. With the "Album Collection" the Go Book is included.

With the "All Inclusive Collection" you will have the option of various different albums.

However different styles of album can be added to the "Album Collection" to suit your preferences.

ENGAGEMENTS

PHOTOGRAPHY

Engagement shoots are one of my favorite type of shoots, as it is always nice and relaxed and I get to scout out different new locations to photograph.

I aim to make you at ease, nothing too posey, but yet elegant, real pictures that you will love to have and to look back on.

An engagement shoot is included in the "All Inclusive collection" and can be added onto the "Sweet" & "Album" collection if desired.

The bride is on the right, wearing a white wedding dress with a long train and a veil, holding a bouquet of flowers. They are looking at each other and smiling.
